About the National Episcopal Historians and Archivists

NEHA provides a forum for exchanging ideas, gives mutual support, and serves as an archival and historical network for any who preserve, explore and share the historical dimensions of the Episcopal Church. Begun as an outgrowth of the Church Historical Society in 1961, **NEHA** seeks to answer the needs of church officials and leaders who know attention should be given to nurturing congregational, diocesan, and institutional historians, registrars and archivists.

It is through the support and effort of **NEHA** members that this work is accomplished. Not a **NEHA** member? Membership is open to individuals, congregations, dioceses and entities and includes the quarterly newsletter, *The Historiographer*.
